EXPERIENCE

Web and Content Developer Intern

August 2024 – Present

UH Office of Government and Community Relations

- Maintain the office website using HTML and Modern Campus CMS
- Supported the university's successful attainment of the Carnegie Elective Classification for Community Engagement
- Helped launch the Judy Cook Building through website development, reservation system implementation, and outreach efforts
- Supported planning and coordination for major university and community events, including the Big XII Conference, Mayor's Back to School, and UH Day at the Capitol

Co-Webmaster

August 2025 – Present

IEEE-NSM

- Built and maintained the IEEE-NSM website using HTML, CSS, JavaScript, and React to provide members with clear access to club information, upcoming events, and past activities
- Collaborated with a team of officers to plan, design, and implement website features

PROJECTS

IEEE-NSM Website | *HTML, CSS, JavaScript, React, GitHub, UI/UX*

June 2025 – Present

- Designed, developed, and maintained the IEEE-NSM club website using HTML, CSS, JavaScript, and React, delivering a fully responsive platform that gives members easy access to club information, upcoming events, and archives of past activities
- Implemented dynamic content updates and optimized site performance with Git-based workflows
- Designed accessible UI/UX components to improve readability and member engagement across devices

UH System Government and Community Relations Website | *HTML, CSS, Modern Campus CMS*

September 2024 – Present

- Built, updated, and maintained the UH System Office of Government and Community Relations website to showcase our office's mission and initiatives, ensuring content accuracy, consistent branding, and a seamless user experience

UH in the Community Website | *HTML, CSS, Modern Campus CMS*

September 2024 – Present

- Designed, developed, and managed the UH in the Community site to showcase community events and partnerships, fostering community engagement and strengthening connections between the university and local communities
